

NEIAIS 2025

CRC Press
Taylor & Francis Group

A THREE-DAY INTERNATIONAL CONFERENCE ON NORTH EAST INDIA AI SUMMIT: UNRAVELLING TRENDS

Organised by: Department of Computer Science, Manipur University | 10th-12th February 2025
Sponsored by: North Eastern Council, Nongrim Hills, Shillong

ABOUT NEIAIS The conference aims to foster collaboration and innovative problem solving by allowing participants to exchange insights, ideas, and personal experiences. As AI, ML, and IoT continue to evolve rapidly, they are revolutionizing industries and societies globally. These advancements are redefining interactions with technology and fueling progress in diverse sectors such as healthcare, education, smart cities and autonomous systems. The event will unite researchers, industry professionals, and practitioners to delve into the latest breakthroughs and emerging trends in these dynamic fields, promoting knowledge-sharing and forward-thinking solutions.

Key Features

The NEIAIS 2025 conference platform will serve as an open forum for discussing a wide range of regional and International issues related to recent advances in AI and Data Science.

- Idea Exchange
- Research Presentation
- Challenges and Opportunities
- Convergence of Technologies
- Societal Impact

Intended Audience

The target audience of this conference will be Faculties, Researchers, Postgraduate and Graduate Students, Scientists, Policymakers, Professionals, and Developers working in CS and IT fields, i.e., people who are working on emerging technologies.

Objectives of the Conference

- To make familiar with the state-of-the-art techniques on AI.
- To facilitate the applications of AI in the NE region.
- To train the students & research scholars in the NE region on the use cases of the AI.
- Encourage the students to develop AI-based projects useful for users.

Call For Papers

The Department of Computer Science, Manipur University, with the financial support of **North Eastern Council (NEC), Shillong, Government of India** is organizing **A Three-Day International Conference on North East India AI Summit: Unraveling Trends (NEIAIS-2025)** on **10th to 12th February, 2025** in **HYBRID MODE**.

- The papers will be published in the Conference Proceedings Series on **Futuristic Intelligent and Smart Technologies (FIST), CRC Press USA**.
- The Proceedings volume will be sent for indexing to **Scopus** for inclusion after publication.

Topic & Technical Areas of Interest Include (not limited to..)

- Track 1** - Mathematical & Statistical Foundations of AI
- Track 3** - Deep Learning Architectures and Applications
- Track 5** - IoT and Smart Systems
- Track 7** - Image Processing and Computer Vision
- Track 9** - AI in Healthcare and Biomedical Applications

- Track 2** - Machine Learning Algorithms and Applications
- Track 4** - Advances in Natural Language Processing
- Track 6** - Data Science and Big Data Analytics
- Track 8** - Cryptography and Network Security
- Track 10** - Network Applications and Computer Networks

IMPORTANT DATES

- Paper Submission Deadline Oct 25, 2024
- Review Notification Nov 15, 2024
- Camera Ready Submission Dec 25, 2024
- Date of Registration Feb 7, 2025

REGISTRATION DETAILS

Participants	Indian	Foreign
Students/Research Scholars	₹4000	\$65
Academicians	₹6000	\$85
Industry Persons	₹8000	\$100

CONFERENCE COORDINATORS

ORGANISING SECRETARY	CO-ORGANISING SECRETARY
